To the members of the Coalition to Create the Martha's Vineyard Housing Bank,

The Edgartown Board of Trade's Board of Directors unanimously supports the work and efforts of Coalition to Create the Martha's Vineyard Housing Bank. As an organization, our mission is to support and foster a thriving economy for Edgartown's business community. Having a sound solution to the island's housing crisis is an integral piece of that puzzle and would alleviate some of the many challenges our businesses face each year in securing and retaining their workforce.

Please accept our support in creating the Martha's Vineyard Housing Bank.

Sincerely,

Edgartown Board of Trade

Executive Director
